EDUCATION

Mar Athanasius College of Engineering, Kothamangalam

2023 – 2027

B.Tech – Computer Science & Engineering (Data Science)

- CGPA: 6.86 (up to Semester 6) | Currently in Semester 7 | Expected Graduation: 2027
- Relevant Coursework: OOP, DBMS, Machine Learning, Data Science, Computer Networks, Operating Systems, Probability & Statistics, Software Engineering

GVHSS Arimbra

2022

Higher Secondary Education (HSE) – 88.6%

VHM Higher Secondary School, Morayur

2020

Secondary School Leaving Certificate (SSLC) – 94.4%

TECHNICAL SKILLS

Languages: C, C++, Java, JavaScript, Python

Frameworks & Libraries: React.js, Node.js, Express.js, Flask, FastAPI, Pandas, Scikit-learn

Data / ML: Machine Learning, Generative AI, Data Analytics, AI Strategy

Databases: MySQL, MongoDB, SQLite

Tools: Git, VS Code, Arduino IDE, MySQL Workbench, Postman

Embedded & Protocols: ESP32, MPU-6050, SIM800L, NEO-6M GPS, I2C / UART

PROJECTS

WaveGuard – IoT Coastal Early Warning System

ESP32, MPU-6050, SIM800L (GSM), Python, FastAPI, React.js, SQLite, Open-Meteo API, Arduino IDE

- Engineered ESP32 firmware to detect Kallakkadal (dangerous fair-weather coastal swell surges) by sampling IMU g-force across 20-sample windows every 5 seconds, classifying live sea state into CALM / WATCH / WARNING tiers.
- Built a Python sensor-fusion engine that cross-validates on-buoy telemetry against the Open-Meteo satellite wave API, cutting false-positive alerts.
- Designed a bilingual (English & Malayalam) React dashboard with a JWT-authenticated admin console.
- Architected a GSM SMS alert system via SIM800L (recipient management, trigger logic) with a 1000µF bulk capacitor specified in design for 2A transmission current spikes; hardware transmission integration in progress.
- Deployed a live public demo (waveguard-liart.vercel.app) delivering real-time hazard status for fishing communities along the Kanayannur coastline, Kerala.

CERTIFICATIONS & ACTIVITIES

- Programming in Java – NPTEL, IIT Kharagpur (Govt. of India, Ministry of Education funded): 12-week course, Elite status, 69% consolidated score (25/25 assignments, 43.75/75 proctored exam).
- Data Analytics Job Simulation – Deloitte Australia.
- GenAI-Powered Data Analytics Job Simulation – Tata.
- Presented WaveGuard and other technical projects at internal and external college-level reviews and viva examinations.
